

English

In Drawing Club we will continue to develop our pleasure for reading, explore vocabulary and listen to and discuss a range of stories and poems. We will be continuing to work on orally composing our sentences before writing. We will be extending our sentences by using conjunctions and using exciting vocabulary. We will continue to take part in daily phonics and handwriting lessons.

Physical Education

As Athletes, we will be working on gymnastics. We will learn to lift and carry gym apparatus safely. We will learn to make different shapes with our bodies and put these movements into sequences. We will learn how to jump and land safely and how to travel at different speeds, in different ways on different levels. We will also take part in an Outdoor Learning session every week.

Religious Education

We will be focussing on Christianity and learning how Jesus taught people about God through the telling of parables. We will learn the meanings of some parables and find out how these have been shared.

Spring Term 2026

Robin Class

We have two enquiries this term:

- 1. How does my school change in the Winter?**
- 2. How can we play in different ways?**

Science

As Scientists, we will find out: What is a Season? How the weather changes in Winter and what other changes we see in Winter? We will also have lots of fun exploring the properties of ice!

History

As Historians, we will find out what history is and what historians do. We will learn about games that our parents and grandparents enjoyed playing as children. We will find out if and how games have changed over time.

Geography

As Geographers we will be looking carefully at wintery weather. We will also find out about places in the world that are always cold and why.

PSHE

In PSHE, we will be thinking about our dreams and goals and how to be resilient when we face challenge.

Mathematics

As Mathematicians, we will continue to learn about place value within 20. We will be counting teen numbers, using more/less, comparing, ordering and using number lines. We will develop our understanding of addition and subtraction within 20. We will learn about doubles and numbers that are near doubles.

Computing

As Computer Engineers, We will be exploring programming. We will learn how to create simple programmes to make robotic toys move in different directions and long desired routes.

Art and DT

As Artists and Engineers, we will be creating wintery landscape pictures using paint and pastels. We will be practising our colour mixing and blending skills.

We will also enjoy making art with ice.

Musicians

As musicians we will be learning new songs to sing. We will choose instruments to use to create specific sounds and enjoy listening to different genres of music.
