

Falcons & Woodpeckers Curriculum Overview Spring 2 2026

Enquiry: How can Science help the vulnerable?

Being Authors & Readers

- We will be celebrating World Book Day.
- We will be writing letters for a purpose.
- We will also explore explanation texts and write our own.
- We will be completing grammar, spelling and reading activities appropriate for our year groups.
- We will also be reading for pleasure and sharing stories wherever we possibly can!

Being Artists, Engineers, Musicians, Historians and Geographers

- We will be finding out what it means to be an Engineer.
- We will be exploring the work of a significant engineer.
- We will be looking at why a range of products have been invented.
- We will be evaluating products and then designing our own pack to help homeless people.
- We will be exploring what it means to be vulnerable.

Being Mathematicians

Year 4 will be working on area and perimeter. We will find the perimeter of polygons and use our times tables to find area. We will then move onto fractions, where we will work with mixed numbers and improper fractions.

Year 5 will be learning to multiply fractions and mixed numbers. We will be working on perimeter and area. We will then move on to decimals and percentages.

Being Athletes

- We will be developing our ball skills in Netball and Dodgeball.

Being Linguists

- We will be continuing our French topic of The Weather.

Computing

- In Computing we will be exploring selection in physical computing.

Being Scientists

- There is lots of Science in this enquiry, including exploring solids, liquids and gases, reversible and irreversible changes, dissolving and solutions and properties of materials.
